TRAIL MAGIC

Brian McArdle was at his wit's end! His company had been manipulated by naturalist Beth Holland into accepting a bet: if she hiked the entire Appalachian Trail, they would modify their land development plans. The next thing Brian knew, he was spending his days in hiking boots and his nights in a tent, making sure the sexy dynamo didn't cheat!

And the sight of her enticing backside preceding him through the forest didn't help much....

Beth was pretty confused herself. This man was supposed to be the enemy! How did she know he wouldn't try to sabotage her trip? But when he took her in his arms, she knew she'd just fallen for the one man she could never trust.
